NOTIFICATION OF NETWORK CHANGE EFFECTIVE 4/1/2024

Dear Medicare Eligible Pensioners,

The Board of Trustees is pleased to announce a change to your network provider for hospital inpatient, outpatient surgery, chemotherapy, and radiation therapy. **The network provider change will not result in any changes to your current benefits.**

We will no longer be using Horizon Blue Cross of NJ and PHCS/Multiplan networks **as of April 1, 2024**. This action is intended to streamline and improve the administration of the existing services and reduce Plan costs.

The new network is **United Healthcare Choice Plus** which is administered by UMR.

Please look for your new card in the mail in the coming weeks.

The Plan Office is also currently finalizing a new Summary Plan Description, which will contain new contact information and directions for submission of claims and appeals. Please keep an eye out for the new SPD as well.

Any transition can be challenging, and we know you may have questions. Please contact the Plans office at 732-446-0394 or UMR directly as of **April 1, 2024 at (800) 207-3172** for any questions you may have.

Sincerely,

Meghan Brodowski
Administrator
